BILLS of QUANTITIES.—DAY & SON, Lithographers to the Queen,—Lithograph Bills of Quantities with the greatest despatch, and at a rate any one of the prices generally charged.

Perspectives put up from Geometrical Drawings, either in Outline or Water Colours.

17, GATE-STREET, LINCOLN'S-INN-FIELDS.

MARTIN and HOOD, Architectural, Mechanical Engineering, Map, and Plan Draughtsmen, Plans and Ornamental Writers, Engravers, and General Lithographers, respectfully intimate to the gentry and the public, that they are prepared to undertake WORKS OF ANY MAGNITUDE, in the above branches, on the most reasonable terms.

WORKING and TINTED DRAWINGS of every description of MACHINERY.

4, GREAT NEWPORT-STREET, LEICESTER-SQUARE.

Medieval Works, Memorials, Fonts, Screens, etc.

AT A VERY ECONOMICAL RATE.

SAMUEL CUNDY, Mason and Builder, PIMLICO MARBLE and STONE WORKS, Belgrave Wharf, Lower Belgrave-place, Pimlico.

MARBLE CHIMNEY-PIECES manufactured by improved machinery. The public are invited to view the stock, unequalled for quality and price.

A GOOD MARBLE CHIMNEY-PIECE FOR FORTY SHILLINGS.

A liberal discount to the Trade.

MARBLE WORK in all its branches, at a remarkably cheap rate, for HALLS, DAIRIES, LARDERS, &c. &c.

Circulars sent on application.

N.B. The "Royal Blue" Omnibuses pass the Works every ten minutes from the Bank.

MARBLE.—Mr. J. FABBRICOTTI, Proprietor of Marble Quarries at Carrara, Italy, begs to inform the Gentlemen connected with the Marble Trade, that he has established in London the most extensive Depôt in the United Kingdom of STATUARY, Veined, Sicilian, Dove, and Black and Gold MARBLES, the produce of his own Quarries.

CARRARA WHARF, Thames bank, Pimlico, at the foot of Vauxhall-bridge. Offices, 6, Crescent-terrace, Millbank.

Mr. THOS. THOMPSON, Agent.

MARBLE.—The Trade can be supplied at the very lowest prices, and with a large assortment of all descriptions of MARBLE in slabs of the very best quality, at WM. YATES' Marble and Slate Wharf, Crescent-road, Millbank.

N.B. Marble Slab carefully selected and packed in secure cases for all parts of the country.

STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELCH SLATE SLABS, planed both faces, will be sent on application post paid being made, and inclosing a penny stamp. The prices are under those advertised for inferior slates.

THE PIMLICO SLATE WORKS.— Patronised by Royalty, the Heads of the Nobility, the Clergy, Architects of Eminence, Builders, Railway Contractors, and the Public generally.—MAGNUM ENAMELLED SLATE (notwithstanding the vile imitations and infringements of his patent that are attempted) continues to grow in favour with the public being handsomer, more durable, and very much cheaper than marble.—Price lists and a sheet of drawings, sent to any part of the kingdom gratis. Cisterns, Filters, Dairy and Larder Shelves, Wine Cellar Fittings, Slabs and every variety of plain Slate Work, at prices that defy competition.—3 and 36, Upper Belgrave-place.

VALENTIA SLATE SLABS.— The Valentia Slab Company invite attention to their Slabs now supplied, of very large dimensions and of superior quality. They have been used at the British Museum, National Gallery, Bethlem Hospital, various lunatic asylums, the Ordnance Works, Model Prison, Pentonville, and other penitentiaries, Maltrec Farm in Bedfordshire and Herefordshire, Breweries, the Race Stand at Brighton, Portsmouth Harbour, and for the purpose in large quantities at Freeman's Wharf, Millbank-street; also by Messrs. SHARPE, Tooley-street; and Messrs. BRADYS, Belvidere-road, where terms may be obtained.

TERRA COTTA AND SCAGLIOLA manufactured by J. M. BLASHFIELD, Mill Wall, Isle of Dogs, and sold at No. 1, Wharf, Pread-street, Paddington.

Vases, tazzas, friezes, capitals, consoles, columns, shafts, trusses, flower pots, and all ornamental work required to stand heat and frost without cracking or changing colour, may be had at nearly the same cost as casting in cement.

Terra Cotta is more durable than free, granite, marble, or stone, and may be made of black, red, and light cream colours of every shade. It can be more uniformly and delicately wrought than either stone or marble, and architects can have their own designs modelled and fired in this material (without moulding and the chance of copying) fresh from the hands of the artist.

PRIZE MEDAL for TERRA-COTTA to M. H. BLANCHARD, late of Coade's Original Works, having awarded for quality of Material and Workmanship.

M. H. B. begs to solicit the attention of the Nobility, Gentry, Architects, Builders, &c., to this invaluable and imperishable material that has been and is now adopted by our eminent Architects and others in the adornment of our noblest buildings. Its vast applicable to groups, statues, friezes, capitals, panelling, finials, trusses, Tudor and other chimney-shafts, balustrading, fountains, fonts, tazzas, vases, coats of arms, devices, ornamental ridging, and every description of Architectural embellishment, at prices, &c., defying competition.

Works, King Edward-street, Westminster-road, London.

EXHIBITION PRIZE MEDAL!— RANSOME and PARSONS beg to draw the attention of Architects, Builders, and Others, to their PATENT STONE, which, in its composition, differs essentially from all other artificial productions for a similar purpose—First from its basis, in character, texture, and appearance, it is made to resemble every kind of natural stone, at pleasure, from the finest marble to the coarsest sandstone, and to possess all their valuable and enduring properties, without being liable to any of their defects. It is especially applicable to all kinds of architectural decorations and mouldings, fountains, balustrades for terrace walks, vases, and pedestals, &c. &c.; also for all varieties of plain and ornamental flooring. In price it is far below the cost of any natural product, and, in many cases, can be furnished as low as ordinary cement. Copings of Boats, Stairgarry, or other Works of Art, can be produced in the fine 1 Parent Stone as faithfully as in Plaster of Paris.

IMPORTANT TO WATER COMPANIES, MANUFACTURERS, AND THE PUBLIC.

Ransome and Parsons beg to call the attention of Water Companies, Manufacturers, and others to their

PATENT STONE FILTERING SLABS,

which are capable of filtering from 100 to 200 gallons of water per superficial foot per day, with a head of water varying from 2 to 6 feet. These slabs can be produced to any required dimensions, and, consequently can be adapted to any cistern, tank, or reservoir. By a simple precautionary arrangement, they are prevented from being in any way choked or impeded in their action. Price 4s. per superficial foot.—Full descriptions and prices of their other descriptions of Filters will be supplied on application.

IMPORTANT TO BRICKMAKERS AND CONTRACTORS.

Ransome and Parsons are also the Proprietors of

HALL'S PATENT BRICKMAKING MACHINE,

capable of moulding 12,000 Bricks per day and upwards, which are superior to those manufactured by hand, and are produced at considerably less cost.—Communications to be addressed to the Patentees, Messrs. RANSOME and PARSONS, Flint-wharf, Ipswich.

SUN-DIAL PEDESTALS, Garden Seats, Rims to Water Basins, Border Edging, Ornaments for Gate Piers, &c., executed in Artificial Stone by J. BEELEY, Nos. 1 to 4, Keppel row, New-road, Regent's-park.

FOUNTAINS.—CIVIL ENGINEERS are respectfully informed that a List of more than SIXTY DESIGNS for public and private FOUNTAINS was published in "The Builder" Newspaper of July 28.

BATH STONE OF BEST QUALITY.

RANDELL and SAUNDERS, QUARRYMEN and STONEMERCHANTS, BATH.

(DEPOTS.)

Great Western Railway Station.....	PADDINGTON.
Great Western Railway Station.....	BRISTOL.
Hope-street, Mount-pleasant	LIVERPOOL.
Castle-fields	MANCHESTER.

List of prices at the quarries and depots, also cost for transit to any part of the kingdom, furnished on application.

MARKET WHARF, REGENT'S-PARK BASIN.—MARTIN and WOOD solicit the attention of Builders, Masons, and others, to their stock of Portland, York, and Derby Stone; also Bangor Slates, Lime, Cement, Plaster, Bricks, Tiles, Laths, Fire-goods, Fire-stone, &c., sold at the lowest possible prices for Cash. Portland Head-stones, Ledgers, Steps, Landings, &c., cut to order on the shortest notice. Turntables let on hire. A Stock of Northen's Drain Pipes, Syphons, &c., always on hand. Mortar, Lime and Hair, Fine Stuff, &c. Prompt attention paid to country orders.

CORSHAM-DOWN, and other BATH and PAINSWICK STONE.—MARTIN and WOOD beg to inform their Friends and the Building Trade generally, that all Orders and Inquiries for the above Stone will be promptly attended to by being addressed to MARKET-WHARF, REGENT'S-PARK-BASIN.

TO THE COMMISSIONERS OF PAVING BOARDS, STONE MERCHANTS, CONTRACTORS, PAVIORS, and Others.

THE inspection of the trade is invited to 8000 feet of IRISH PAVEMENT FLAGS of a very superior quality, which are now lying in London, and of which the proprietor can supply any quantity, at rates such as would make them well worthy of the attention of the trade. As a proof of their first-rate quality, they have been introduced into the principal streets of Liverpool by the borough surveyor there. The flags of which there are two descriptions, are with hand sawn bed rough, are self-faced, and have chisel-drawn edges and take a superior polish. They are to be seen at West Kent Wharf, Montpelier-close, near the Borough-market, Southwark. Tenders for a part or the whole of the lot, at present in London, and offers for any quantity of given dimensions will be received by JOHN ANDERSON, 7, Albion-place, Blackfriars-bridge.

PAVING, 2s. 9d. PER SQUARE YARD. —Basements, Foot-walks, Malt-houses, Corn Stores, Floors of Warehouses, and every description of Pavement laid down at the above low prices, and the work guaranteed.—Apply to JOHN PILKINGTON, POLONCEAU'S BITUMEN PAVEMENT OFFICE, MONUMENT CHAMBERS, 34, FISH-STREET-HILL.—N.B. Country Agents and Railway Engineers and Contractors supplied with the best bitumen for covering bridges and arches.

THICK PAVING, 46s.; Common, 42s.; Thin do., 38s.; Thick Selfaced Paving, 30s.; Slabs in 2d per foot, a great variety on hand. Slates at very low prices viz. Duchess, Countess, and Ladies'. Pantiles: Plain and Feet Tiles: Drain-pipes: Clay or Sc. ne Chimney pots, &c. Selfaced, Hearthill, and Robinhood Slab, Coping, Sills, Steps, and Landings.—Builders are invited to inspect the quality of the goods, which will be found at the lowest possible prices.

E. and W. STURGE, Bridge-wharf, City-road. A priced list will be sent free on application.

LIMMER ASPHALTE.—BUILDERS, CONTRACTORS, &c., are invited to a NEW ASPHALTE from a mine in Hanover, which, on analysis, is found superior in quality to that from Seyssel, or to any other Asphalte yet known in Europe; and from the locality of the mine, can be shipped from Bremen on lower terms than any other genuine Asphalte. Specimens can be seen at the counting-house of L. C. VAN SENDEN, 64, Mark-lane, where full particulars will be furnished to parties desirous of purchasing the raw material direct from the mine, at a stated price, free on board at Bremen. The flooring, &c. of the ship of Hanover are now laid down with this Asphalte, which are beautiful in appearance, unaffected by the strong heat of summer, or the severe cold of winter, and guaranteed for ten years.

LEGAL AND OTHER IMPORTANT DOCUMENTS CAN BE EFFECTUALLY PROTECTED FROM DAMP AND VERMIN.

DAMP and GASEOUS EXHALATIONS, SANITARY MEASURES.

MEMBERS of BOARDS of HEALTH are especially DIRECTED to the most EFFECTIVE MEANS which there can ABOUT to PREVENT the injurious and often FATAL EFFECTS upon the HEALTH of the COMMUNITY, arising from exhalations that are produced from moisture, decayed animal matter as in graveyards, stagnant water, and collections of fetid refuse, tending to produce a miasmatic state of atmosphere. In situations on a dead level, the impervious quality of the ASPHALTE of SEYSSEL renders it the most perfect PAVEMENT or COVERING that can be relied upon for hermetically closing, and thereby preventing the rising of moisture and the escape of noxious vapours. The present extensive application of this material for covering roofs, terraces, and arches, for preventing the percolation of wet, is strong evidence of its effectiveness for the above purpose.

I. FARRELL, Secretary.

SEYSSEL ASPHALTE COMPANY, Stangate, near Westminster-bridge, London.

*** The exclusive supply of ASPHALTE from the MINES of PERIMONT SEYSSEL is conceded to this COMPANY.

GREY-STONE LIME.—HALL, Brothers, Merthyr Lime Works, near Reigate, beg to offer to Builders and others a list of their prices for Cash on delivery.

Grey-Stone Lime	4s. 6d. per Yard, or 32 Bushels.	
Ditto, for Manure at 6d.	ditto	ditto
Ditto, Ashes.....	1s. 6d.	ditto ditto
Black ditto	2s. 6d.	ditto ditto

In not less than 8½ Yard quantities, and put on the Railway for all goods stations on the London and Brighton, and South-Eastern Railways, or lines connected with them. A fresh supply hot from the kilns daily, at the Bricklayers' Arms and Croydon Stations, and delivered to all parts.

Prices for Cash on delivery—7s. per yard at the stations or works; 8s. per yard delivered within five miles; 9s. per yard less than 5-yard quantities. Bedding, 2s. per yard; 1s. per yard off, if paid monthly. Collecting charged for. The Quality is warranted to be the best.—Address, Merthem, near Reigate, Croydon: or Tooley-place, Old Kent-road.

GREAVES'S BLUE LIAS LIME.—The superior manner in which the above is ground renders it cheaper for delivery or stucco than any other lime or cement. The shell lime for mortar is burnt on an improved principle, leaving scarcely any core. The satisfaction constantly expressed by Engineers, Architects, and Contractors of the above, is the best recommendation.

Offices, Counting-house, and Cob Blue Vitrified Bricks, Pipes, Junctions, Bends, and Fire Goods

ROMAN, PORTLAND, PARIAN, ANSTON, and LIAS CEMENTS of the best quality.

SECONDS, PAVIORS, STOCKS, and other Bricks.

CHARLES RICHARDSON, 6, South Wharf, Paddington.

BRICK BEAM at the EXHIBITION BUILDING, Erected by J. B. WHITE and SONS, MILLBANK-STREET.—The Diagrams and Descriptions of this beam, constructed of Portland Cement and Hollow Bricks, broken down with a weight of 42,000 lbs., and Testimonials, 1851, in possession of the Jury of Class 23—See Rep. Exhib. Exp. 27, No. 681; and Times and Chronicle, Sept. 25, "Exhibition Annals."

JOHN BAZLEY WHITE and SONS, MILLBANK-STREET, Westminster,

Manufacture PORTLAND CEMENT of the best quality.

ATKINSON'S CEMENT, made from Whitby stone, manufactured from the Mulgrave Lands; and ROMAN CEMENT, made of Sheppy and Harwich stone.

These cements are all used for external purposes, either for Brickwork or as Stucco.

For internal uses they Manufacture and Sell—

KERSEY CEMENT;
PARIAN CEMENT;
FRENCH PLASTER;

The qualities of which are well known as quick-drying and hard stuccoes, that can be painted upon within a few days.

Warehouses in London:—

Millbank-street, Westminster;
South Wharf Road, Paddington;
Earl-street, Blackfriars; and at
Basil-street, Liverpool.

PERMANENT STUCCO WASH, WITHOUT SIZE OR OTHER CORRUPTIBLE INGREDIENT.

As used at St. George's Hospital, Hyde Park Corner.

JOHNS and CO. having effected some important improvements in the manufacture of this very useful material, beg to call attention to the notice of the Trade and the Public generally, as possessing every advantage over the common Lime Wash or Water Colour for STUCCO or BRICK WORK. It is a Stone Colour, but may be tinted to any other. ONE COAT WASH OFF is perfectly dry in twenty-four hours, and being a non-conductor, is admirably adapted for Railway Stations, Parks, Private Residences, Schools, Prisons, &c. One coat will cover 100 square yards. It will keep good for years, and MAY BE EXPORTED WITH PERFECT SAFETY.

JOHNS and CO.'S STUCCO CEMENT.—This cement, from the great reduction in price, and its undoubted use for internal as well as external purposes, placing it above all other materials of the kind; it has no caustic qualities; may be painted or papered in a few days; never blisters, crushes, or crumbles; soon becomes as hard as stone; and may be cleansed with a brush and water.

The merits of the PAINT are well known for its application to almost work of all kinds, and external work generally. Specimens, with Testimonials, and every information may be obtained, on application to the Sole Agent, PHILIP HARE, at the Warehouse, 33, Stone-yard, Upper Thames-street. A liberal allowance to wholesale dealers.

ROMAN AND OTHER CEMENTS, Manufactured by J. M. BLASHFIELD, successor to the Patentees, PARKER and WYATT, who, in 1796, first introduced PARKER'S ROMAN CEMENT; also Terras and Portland Cements, English and French Plaster, Terra Cotta Chimney Pots, Tridges, &c.

Manufactory, Mill Wall, Poplar; Depôts, Commercial road, Lambeth, and Paddington-basin.

PARIAN CEMENT for internal use, to be PAINTED IN A FEW HOURS AND PAPERED WITHIN A COUPLE OF DAYS.—CHARLES FRANCIS and SONS, Patentees, Nine Elms, London.

PORTLAND CEMENT, in Casks of Four Imperial Bushels, QUANTITY, NOT WEIGHT, BEING THE STANDARD.—CHAS. FRANCIS and SONS, Cement Works, Nine Elms, London.

PORTLAND CEMENT.— JAMES WESTON, having commenced manufacturing the above Cement, begs to inform the trade in general that he can supply them with any quantity they may require, either at his Works—Mill-wall, Poplar; 84, Andrew's Wharf, Earl street, Blackfriars; or Middle Scotland-yard, Westminster, Manufacturer of Roman, Lias, and Mastic Cements, Prussia and English Plaster, &c.

6, South Wharf, Paddington.

PORTLAND CEMENT.—CHARLES RICHARDSON has the greatest confidence in introducing to the trade this above superior CEMENT, being of uniform colour and quality as heretofore never before achieved in Portland Cements. It possesses extraordinary cementitious qualities, resists the action of frost and heat, and is more durable than any other Cement; does not vegetate, turn green, or crack, combined with which its cementing hydraulic properties stamp it as once as the first Cement of the day for work where all the above qualities are required. It is manufactured on the only principle Portland Cement can be, and contrary to the statements put forth by those who have hitherto had the monopoly. Manufactured by R. GREAVES, Esq., at his Works, near the River Avon, and sent to all parts of the kingdom per boat or rail, at a reduced price to the trade.

PATENT PORTLAND AND ROMAN CEMENTS.—WINKFIELD, BELL, and CO., of East Greenwich, Kent, having now completed some heavy contracts, are prepared to execute orders to any extent for either of the above Cements, which they are quite prepared to prove exceed any others in their cementitious qualities at present manufactured. Many highly respectable references can be given where they have been tested satisfactorily, and Orders entrusted to them by Works will be punctually attended to, and terms cent. Where quantities are used a correspondingly price will be made.—Agent at Southampton, Mr. GEORGE SHARPE, Union Wharf.

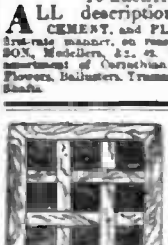
MEDINA (ROMAN) CEMENT.—The material of which this cement is made is obtained in the Isle of Wight. It has all the properties of the Sheppy Stone, but is much better adapted to engineering works, from the rapidity with which it sets and hardens under water. It has been used at the great Breach Water at Cherbourg, in a similar work at Alderney; and at Dover new pier, to unite the masonry. The foundations of the centre pier of the Tubular Bridge at Menai Straits is laid in Medina Cement. A new course at Sandown Bay, Isle of Wight, has been constructed of no other material but this cement and coarse shingle. The work extends the feet into the sea, and is exposed to the most violent gales of the Channel, in a position where every former construction had been repeatedly washed away. The inconvenience of the varied qualities of Roman Cement are superseded by the use of this improved manufacture.

CHAS. FRANCIS and SONS, Nine Elms, London; or West Medina Mill, Newport, Isle of Wight.

Agent for Southampton, R. L. FLUDER, American Wharf.

TO ARCHITECTS, BUILDERS, &c.

ALL descriptions of TERRA COTTA, CEMENT, and PLASTER CASTINGS, executed in a first-rate manner, on reasonable terms, by J. HERBERT and SON, Modellers, &c., 62, Parker-street, Drury-lane. A splendid assortment of Corinthian, Ionic, and other Capitals; Gothic Flowers, Balusters, Trusses, &c.; Elizabethan and other Chimney Shafts.



ARCHITECTS and BUILDERS preparing plans, specifications, and estimates for a NEW HALL in GRESHAM-STREET, are respectfully reminded of the

PARQUET FLOORS and BORDERS, manufactured in simple and elegant designs, from 3s. per square foot, and upwards, by

THE LONDON PARQUETRY, 8, Whitefriars-street, where specimens and designs may be seen; or also at the Architectural Exhibition, Portland Gallery, and Langham Bazaar, Regent-street.
